CONNECTIVITY

MyŠKODA

ŠKODA CONNECT AND OTHER DIGITAL SERVICES IN YOUR POCKET

Driving your ŠKODA isn't just about driving. It's the functions, the features, and the personal touches that add up to a brilliant experience. It's the music you play on the way to your destination. It's the security of knowing that great support is never more than a few taps away. Your ŠKODA vehicle is your everyday companion – and thanks to MyŠKODA application you can go even further in interaction with your vehicle.

Use the application to remotely check the status of the vehicle, lock or unlock it, or display its parking position. Benefit from statistical insights into your last trip, and use them to plan a more efficient route next time. It offers also insight to the vehicle manual, quick tips for using the vehicle and its accessories or possibility to interact with your preferred service partner, with a number of further functions just waiting to be explored.

With MyŠKODA application in place, your car remains under your control at all times. The application is available for download on App Store (iOS) and Google Play (Android). ŠKODA Connect features are available based on ordered service bundle: Infotainment Online or Care Connect.

Tow rope
GAA 500 001

A photograph of two young children playing tug-of-war on a green lawn. The child on the left is a girl with long brown hair, wearing a blue t-shirt and grey pants, pulling the rope with a determined expression. The child on the right is a boy with blonde hair, wearing a yellow long-sleeved shirt and grey pants, also pulling the rope. The rope is thick and blue, with an orange flag attached to the middle. In the background, there are large trees, a modern house with a concrete facade, and a blue car parked on a driveway. The scene is bathed in warm, golden light, suggesting late afternoon or early morning.
