**ŠKODA**  
SIMPLY CLEVER

# ATTENTION PLEASE

Confidence isn't just for public speaking. It's an attitude that steers you through life. And if you weren't born with it, you can always borrow it from the ŠKODA FABIA. With its sharp, angular lines it's way too bold to be shy. But its confidence isn't just locked in its looks. Being a thoroughbred ŠKODA means it comes with thoughtful Simply Clever details that add comfort to confidence.

The FABIA is yet another example of our philosophy of making beautifully designed cars that are as much a joy to drive now as they were back when we started.

That's Simply Clever. That's ŠKODA.

A woman in a white t-shirt and black leggings is adjusting her roller skates. She is standing on a paved area next to a red car. The car's wheel is prominently featured in the foreground, showing a multi-spoke alloy design. In the background, a man is also roller skating, and the architecture of a modern building with a curved, metallic facade is visible under a clear blue sky.

# MyŠKODA

## ŠKODA CONNECT AND OTHER DIGITAL SERVICES IN YOUR POCKET

Driving your ŠKODA isn't just about driving. It's the functions, the features, and the personal touches that add up to a brilliant experience. It's the music you play on the way to your destination. It's the security of knowing that great support is never more than a few taps away. Your ŠKODA vehicle is your everyday companion – and thanks to MyŠKODA application you can go even further in interaction with your vehicle.

Use the application to remotely check the status of the vehicle, lock or unlock it, or display its parking position. Benefit from statistical insights into your last trip, and use them to plan a more efficient route next time. Display detailed data related to actual driving parameters directly on the vehicle's Infotainment system, using connection via Smartlink+. It offers also insight to the vehicle manual, quick tips for using the vehicle and its accessories or possibility to interact with your preferred service partner, with a number of further functions just waiting to be explored..

With MyŠKODA application in place, your car remains under your control at all times. The application is available for download on App Store (iOS) and Google Play (Android). ŠKODA Connect features are available based on ordered service bundle: Infotainment Online or Care Connect. Smartlink+ related functionalities are available based on the vehicle equipment or license validity.

## CHILD SEATS SAFETY TESTING

Do you want to ensure the maximum safety of your children in the car? The child seats from ŠKODA Genuine Accessories with mounting options for transporting against the direction of travel, comfort and variability, represent the best solution for transporting the smallest passengers.

**Practical  
and variable**

**Perfectly  
verified**

## QUALITY THAT HOLDS AND LASTS

Textile floor mats undergo the heel test that stimulates the action of the driver's foot on the accelerator. Also undergo the load test that stimulates a long driving test.

ŠKODA Genuine Accessories are offered by ŠKODA as optional extras at additional charges. Colours, designs and materials may differ from those in the illustrations. Information such as specifications, appearance, performance, dimensions, weight, fuel consumption and operating costs relating to the illustrated vehicles and products is based on information available at the time of printing this document, and ŠKODA AUTO reserves the right to change these data.

Correct rim and tyre size combinations are available in the Registration Certificate and/or from your dealer. When choosing snow-chains, make sure to follow the indication in your car's certificate of roadworthiness. Wheels depicted on the cars may not be part of the available range. Please contact your ŠKODA Partner for information as to which products are available and suitable for your model, what restrictions apply, the installation times required and costs. Subject to change without notice.

Vehicle parameters such as weight, rolling resistance and aerodynamics may vary depending on additional equipment and accessories (attachments, tyre sizes, etc.) and may, together with weather, traffic conditions and individual driving styles, affect fuel consumption, electricity consumption, CO<sub>2</sub> emissions and other performance parameters. ŠKODA Genuine Accessories are not used to determine consumption and emission levels, and can therefore only be fitted after the vehicle's first registration.
